To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit herewith the road fund reports and accounts received from the several districts of this division for the cess year 1880-81 with the following remarks.

2. I regret the delay which has occurred in the submission of this report. It is due to the non-receipt of the district reports on the due date. With the exception of the one from Gya all other reports were received late in this office, the last from Patna having reached me on the 15th instant.

3. The Road Cess Act appears to have worked fairly well in all the districts of this division. Of the total estimated demand of Rs. 10,42,582, Rs. 10,06,745 were collected during the year under review, thus showing an increase of Rs. 20,761 over the collections of the preceding year. The collections have been satisfactory in all the districts of this division except Durbhunga and Sarun.

4. I beg to submit herewith a statement showing the details of the income and expenditure of the road fund for the year under report in the several districts of this division. It will be seen that the receipts from all sources amounted to Rs. 12,16,610 inclusive of a sum of Rs. 1,62,560 on account of suspense account, viz. Rs. 1,54,109 under head advances and Rs. 8,451 deposits. Adding to this sum the balance outstanding on the 1st October 1880, which amounted to Rs. 3,81,926, the aggregate receipts come to Rs. 15,98,536 against Rs. 14,90,222 provided for in the budget. The increase in the actual receipts is chiefly due to the fees, fines, and forfeitures, miscellaneous, &c. The total expenditure during the year was Rs. 12,93,343, inclusive of Rs. 1,59,867 representing the suspense account against Rs. 14,21,303 provided for in the budget.

5. The estimated and actual expenditure for the year 1880-81, and the actuals for the two preceding years, are given below—

	Estimated expenditure, 1880-81.	Actuals, 1880-81.	Actuals, 1879-80.	Actuals, 1878-79.
	Rs.	Rs.	Rs.	Rs.
Original works	7,05,218	5,27,580	4,81,072	3,19,954
Repairs	4,51,670	3,50,048	4,79,499	3,24,472
Establishment	1,52,728	1,46,464	1,58,192	1,47,467

6. The expenditure under the heads "original works," though showing an improvement as compared with the actuals of the two preceding years, falls considerably short of the estimated outlay. Taking the case of each district separately, I observe that the expenditure under this head has been comparatively speaking small in all the districts except Patna and Sarun. The reduction of expenditure is, it is believed, due to the prevalence of epidemic fever throughout the division towards the latter end of the year, which rendered it impossible to procure labour to the desired extent. It is, however, satisfactory to observe that there has been a decrease of Rs. 11,728 in the expenditure on account of establishment as compared with the preceding year.

7. Almost all the District Committees appear to have taken great interest in the improvement of village roads. Patna takes the lowest place in the list having expended only Rs. 4,933 on these roads during the year.

8. The subordinate establishments are reported to have worked to the satisfaction of the Committees.

##### DISTRICT ROAD FUND.

NOTIFICATION No. 232.

*The 20th June 1882.*

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the Dacca, Furreedpore, Backergunge and Mymensingh districts, for the cess year 1880-81, together with the remarks thereon of the Commissioner of the Dacca Division, are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,

*Asst. Secy. to the Govt. of Bengal, P. W. Dept.*

*Abstract of a report by the Chairman of the District Road Committee, Dacca, on the Committee's operations for the cess year 1880-81.*

THE Road Cess Act has been worked in this district without difficulty.

All the members of the District Road Committee, as well as those of the Branch Committees of Manickgunge and Moonsheegunge, have taken interest in and done their work satisfactorily, with the exception of those who did not attend a single meeting.

The grants for village roads were in certain cases supplemented by private donations, and lands were given up free of cost for the construction of such roads in every instance. A small sum was spent on village roads in the sudder sub-division, partly owing to the fact that in certain cases the grants asked for were found on enquiry not to be within the amount that could be allotted for village roads, and partly owing to the fact that in others the roads applied for were found not to be of sufficient public importance so as to justify a grant being made.

Great efforts were made during the year in planting out fresh lengths of road with young trees, and in nursing and protecting those previously planted out. About 1,200 young trees, consisting of mangoe, jack and jaban, were planted out along the sides of two roads since the beginning of July last. There are now in all 5,415 trees, chiefly fruit-bearing trees, along several roads in the district.

All the roads in the district are reported to be in fair order, with the exception of the great section of the road from Dacca to Toke.

The different establishments under the District Road Committee have worked well and given satisfaction in the discharge of their respective duties.

*Abstract of a report by the Chairman of the District Road Cess Committee, Furreedpore, on the Committee's operations for the cess year 1880-81.*

The Cess collections during the year were rather unsatisfactory, as there was a heavy unrealized balance at its close.

The members of the District Road Committee generally showed great interest in the administration of the fund, and those of the Branch Committee of Madaripore also took interest in their work.

Attention was given by the District Committee as well as by the Branch Committees of Madaripore and Goalundo to the construction and repairs of village roads. There is a standing sub-committee to receive and consider the applications for village roads in the sudder sub-division; on the recommendation of this sub-committee, advances were made to the villagers for the execution of works, but in consequence of remissness on their part in taking the money and in submitting the accounts in due time, the greater portion of the estimated outlay remains unexpended during the year.

Arboriculture also received due attention of the Committee. Two nursery gardens were established, viz., one at Furreedpore and the other at Mudhukhally, from which trees are being transplanted on the several roads of the district. Good progress has been made on tree-planting on several lines of roads, and the trees planted have been properly protected.

The working of the different establishments under the Committee was generally good.

H. B. MOOKERJEE,

*Vice-Chairman.*

*Abstract of a report by the Chairman of the District Road Cess Committee, Backergunge, on the Committee's operations for the cess year 1880-81.*

The non-official members of the District Road Committee took considerable interest in the business which came on before them for discussion, while those of the branch committees took but little interest in their work. The attendance of the latter was not good, and they are generally considered to be useless. In the Bhola sub-division, seven out of fourteen members attended no meetings, while none attended more than three of the seven meetings held; six out of fourteen attended no meetings in the Perozepore sub-division, and eight not more than two meetings. Three meetings were held in the Patuakhally sub-division, at one of which there was no quorum.

The grants for village works have been expended on roads and bridges, and rivers and khalls in the several sub-divisions. A small sum of Rs. 237-3-6 was spent in planting out. Bhola and Perozepore station roads.

The different establishments under the committee appear to have worked well, with the exception of the overseer under the Perozepore Branch Committee, who gave a great deal of dissatisfaction in the discharge of his duties.
